

RASH HASHANA

YOM KIPPUR

High Holidays 2021: Get ready for a dynamic and inspiring holiday journey!

Paraphrasing the song "Comedy Tonight," there'll be:

**Something familiar, Something inventive
Something for everyone, A high holidays delight!**

We are no Zero Mostel, but there'll be lots of events happening at Temple Israel on the road to 5782.

Many of our offerings will continue to be virtual, but we aim to supplement our online services with a host of in-person gatherings this year, which will include a "big top" in our parking lot!

Virtual offerings will be available by Zoom, with links provided to registrants closer to the date. We encourage you to create community by viewing these on a TV or large screen with your family or social bubble. New to Temple? Please give us a call so that we can welcome you to our community.

In-person offerings will be primarily outside in a special grand tent in our parking lot. Capacity is limited and participants must RSVP to the office 72 hours in advance. Social distance protocols will be observed and masks required. These services will be dependent on any health and safety advice we receive in September.

You will be able to mix and match live and virtual programming - choosing the best service options for you and your family.

Let's put this year behind us and start fresh.

Temple Israel

Jewish life happens here

**Shana Tovah and
hooray for 5782!**
