

FAQ: What are the other sources of revenue, e.g, government grants, Jewish foundations. Has TI tried these sources even if unsuccessful?

Temple received \$96,000 from the Ontario Safer and Vital Communities Fund in 2021-22. These funds are applied to enhance security features that remain relevant in the renovated building, e.g. installing a video surveillance system, enhancements to our fire alarm and 911 “panic button” systems and secure windows in the school. We have explored other sources of funding to date without success, such as a federal grant under the Enabling Accessibility Fund for Mid-Sized Projects in 2021.

Yasir Naqvi, Temple’s Member of Parliament has been contacted for assistance. We have researched possible foundations for potential grants and are reaching out to members with experience to share their knowledge. Our thanks to Kim Doran, a member of Temple’s Giving Committee, for her help in identifying government programs. If anyone knows of other relevant sources or can offer grant writing help, we would be grateful to follow-up.
